Description

The Art of Deception: Training for a New Generation of Online Covert Operations

theintercept.com/document/2014/02/24/art-deception-training-new-generation-online-covert-operations/

The Human Science Operations Cell (HSOC) is a division of the British signals intelligence agency, Government Communications Headquarters (GCHQ). The HSOC focus on "online human intelligence" and "strategic influence and disruption." [1]

The existence of the HSOC was revealed as part of the global surveillance disclosures by the former National Security Agency contractor, Edward Snowden. [1]
