

YouTube warns: #Saveyourinternet

## Description

YouTube states:

*"Article 13, as written by the European Parliament, will create large unintended (???) consequences for everyone. Let's come together for a better solution."* (content in brackets added)

---

Further YouTube states:

### ***"Article 13 – There's a better way***

*Article 13 is part of European copyright legislation created with the intent to better protect creativity and find effective ways for copyright holders to protect their content online.*

*We support the goals of Article 13, but the version written by the European Parliament could have large unintended consequences that would change the web as we know it."*
