
National Security Study Memorandum: The Kissinger report (declassified)

Description

See also: popcouncil.org

The Population Council is a leading research organization dedicated to building an equitable and sustainable world that enhances the health and well-being of current and future generations. We generate ideas, produce evidence, and design solutions to improve the lives of underserved populations around the world.

See also: www.unfpa.org

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

[su_spoiler title="More infos" style="fancy" icon="folder-2" anchor="htmlv"]A 2001 study conducted by the pro-life Population Research Institute claimed that the UNFPA shared an office with the Chinese family planning officials who were carrying out forced abortions. "We located the family planning offices, and in that family planning office, we located the UNFPA office, and we confirmed from family planning officials there that there is no distinction between what the UNFPA does and what the Chinese Family Planning Office does," said Scott Weinberg, a spokesman for PRI.
